Humanity needs a saving that it cannot bring about for itself. The fact that the human race couldn't produce its own redeemer implies that its sin and guilt are profound and that its savior must come from outside.

**AMERICAN  
HUMANIST  
ASSOCIATION**

.....  
**GOOD WITHOUT A GOD**

humanists...believe ...faith in the prayer-hearing God, ...is ...harmful, diverting people with false hopes of heaven hereafter. Reasonable minds look to other means for survival.

Using technology wisely, we can control our environment, conquer poverty, markedly reduce disease, extend our life-span, significantly modify our behavior,

False “theologies of hope” and messianic ideologies...cannot cope with existing world realities. ... We need to extend the uses of scientific method,

We find insufficient evidence for belief in the existence of a supernatural...As nontheists, we begin with humans not God...No deity will save us; we must save ourselves.

Promises of immortal salvation or fear of eternal damnation are both illusory and harmful. They distract humans from ...rectifying social injustices.

...Human life has meaning because we create and develop our futures.

Reason and intelligence are the most effective instruments that humankind possesses.
