

“A Love That Warns” Revelation 15:1 – 16:11

Take-Home Truth: Every natural disaster and symbol of the world's brokenness is a loving warning from God to repent while there is time.

Christ-Connection: Anyone who believes and repents will be saved from their sin and kept in Christ until the end, because of His death and resurrection.

Hook: *(Ice-breaker question. Get the group talking!)*

1. Can you think of a time when you ignored a warning or didn't give it much consideration? What were the consequences?

Engage: *(Observe the passage and engage with the text)*

2. Read the passage and discuss the five bowls poured out by the angels? What stands out from this passage?

Reflect: *(Reflect upon the key take-aways from the sermon)*

3. Richard said that God will honor those that are faithful to Him yet the faithful will still encounter suffering here on earth? Why is this?

4. How does God destroying His own creation show His love for us and how offensive sin is to Him?

Respond: *(Apply the truths of God's Word to your heart, affections, and actions)*

5. What things are you unwilling to repent of and why?

6. Are there things that you are showing more affection for (the Beast) than God?

7. Are you unwilling to share these warnings with others? What is preventing you from doing this? (Great opportunity to pray as a group for help in this area)
